The 2020 AANR-West Board and officers pose on clubhouse steps.

AANR-West Delegates Elect New Officers and Directors at Convention

While some existing officers and directors were re-elected, this year's annual AANR-West convention also saw some leaders changing positions and the election of at least one new director.

The four-day meeting was hosted by Mountain Air Ranch (MAR) in the foothills above Denver, Colorado. It is member-owned, and it is run by volunteer committees who did a terrific job making sure the convention and the fun activities all ran smoothly and on time. The General Manager, Christine (call me "Chris") May, was quite the Energizer Bunny!

MAR is primarily an RV and camping park, with only a few rental rooms available in the Lodge. Several directors and club delegates who waited too long to book space got rooms at a nearby motel.

The business of the convention was pretty straightforward. Each of the officers and directors who led committees during the past year gave reports to the delegates about what they had accomplished, and the audience made suggestions during Q&A for future projects.

AANR President Kathy Watzel, whose home club is Mountain Air Ranch, was present for the entire weekend, giving us many moments to discuss AANR business with her since the national convention will be held two weeks after ours at Sun Meadow in Idaho.

Also present at the meeting were Trustees Bev Price and Walt Stephens, the latter who represents the Western Region on the national Board. National Government Affair Chair Tim Mullins also was present and addressed the convention on legal and legislative challenges faced during the past year.

The delegates representing their clubs as well as some Associate delegates were sworn in. The various committee

chairs then reported to the assembly what their committees did during the year, and they received comments and suggestions from the assembly and delegates on various projects they were overseeing.

At 2 pm, after a lunch break, the room reassembled to hear from all the **candidates** running for AANR-West office. This is a traditional event that takes about 90 minutes as each candidate talks for about five minutes followed by questions from the audience.

Friday, after our meeting ended, AANR-West hosted a **wine and cheese reception** alongside the swimming pool. As the park has no liquor license (Colorado state law forbids selling liquor at nudist facilities), the AANR team drove into town to bring back a couple of cases of wine and beer and donated them to the event.

Friday night is traditionally **Karaoke Night** at the Ranch. Ernie is the organizer and one of the more popular singers, among many others who participated. Director member Rice Bieber brought his ukulele, so he also entertained.

The **Scholarship Committee** presented three awards of \$1500 each to the college-age recipients, who as it happened, were all affiliated with Mountain Air.

We Had a Great Time at the AANR-West Convention

CONTINUED FROM PAGE 1

Two of them, Sofie and Gabrielle Camp, were the children of members and had grown up at the Ranch. They had also received scholarships the year before. The third recipient was Max Cooper, the grandson of a Ranch couple. Only Sophie was present, so certificates were given to the respective parents and grandparents. The checks will be mailed to their respective colleges.

Gary Mussell ran unopposed for a second term as president. Jeff Tendick moved up from Director to Vice President, Andy Walden moved from Director to Secretary, and Vice President Cyndi Faber decided to be Treasurer instead of seeking re-election.

Unfortunately, we did not receive enough nominations to fill all the open Director positions. Ernie Wiese and Claudia Kellersch were re-elected and Barry Nielson (of Shangri-La) became a new director. All were approved by acclamation. The Board was left with two open positions, and so the hunt begins to find volunteers among the 38 clubs and 9,000+ members in the region. The Board will vote on these two open slots at its November Board meeting.

At 1 pm, Don Giles of the New Mexico Roadrunner club gave a PowerPoint presentation rough draft of a **Speaker's Bureau** presentation we can use for discussing nudism at local service clubs and chambers of commerce. It has a lot of fine-tuning yet to be done but it was a good start.

Following Don was Claudia Kellersch who gave a slide presentation about the major progress being made in both **Thailand** and in **Mexico** to establish nudist clubs, resorts, and beaches.

After the two workshops, Mountain Air hosted a **Flotilla Party** in the pool where members brought out their pool floats and literally covered the entire pool.

Following that, AANR-West hosted an **Ice Cream Social** poolside. As it was a hot afternoon, all the Ranch members were very appreciative. It was nice to sit down and talk to them about nudist issues and explain what AANR was doing to protect their rights. I think they appreciated all the hard work we do on their behalf.

Shortly after the Ice Cream Social ended, we were treated with a drenching rain for an hour, complete with lightning and thunder. The MAR members said it was a typical summer afternoon, but everyone vacated the pool and Jacuzzi.

At 5 pm, MAR hosted a "Meet the Chief" event upstairs in the clubhouse. (I am sworn to secrecy what this was about.)

After dinner, the clubhouse was redecorated for a **Tropics in the Rockies Dance** complete with an excellent local band.

On Sunday, the new Board of Directors and Officers convened for their first meeting at 9 am.

Next, we went around the room asking for suggestions and priorities. Some of these ideas include:

- Find **new sources of revenue** for the region besides memberships (i.e. ads on website, sell merchandise, etc.)
- Re-write some of our brochures in **Spanish** to appeal to a wider market of potential nudists.
- Partner with local travel agencies to create "**Nakation**" destination packages.
- Help AANR implement its new member **management software** in all the clubs.

The new board will be looking at these as they prepare the 2020 budget, to be presented at the November 2019 Board meeting.

The Board also selected **Shangri-La Ranch** in Arizona as the site for its 2020 convention, with an eye toward returning to Mountain Air Ranch again, possibly as early as 2021.

We wish to congratulate Mountain Air Ranch for being such great hosts for our 4 days of meetings. The enthusiasm of your member volunteers was the key to making this weekend a success. Mountain Air celebrates its 85th year in 2020 and they are already making plans for many celebratory events. We hope AANR members get the chance to visit this beautiful and friendly nudist park during their travels.

Would You Like to Host a Future AANR-West Board Meeting?

Our region needs clubs to host one of our two **Board of Directors meetings** during 2020 (one meeting is in March and one is in November, usually on a Saturday from 9 am to 5 pm). We need space for 12-15 people and a room to hold our meeting. Hosts don't need to be a landed resort. We would love to visit your club and meet your members, enjoy your food, and participate in your weekly events!

We also need a landed club to host our 4-day **annual convention** in late July, which is a bigger deal, but we can talk about what is involved when you contact us at information@aanr-west.org

Old owners and new – The Kilborn family introduces the new owners of Olive Dell Ranch at a member's meeting on July 28.

Kilborn Family Announces They Have Sold Olive Dell Ranch

By Dennis Crane, member of OCR and NitOC clubs

July 28, 2019 – Olive Dell Ranch in Colton, California, was founded in 1952 by Bill Keissel. In 1976, Pat and Ralph Kilborn purchased ODR and were the owners and operators for the next 28 years. In 2004, Bobbie and Becki stepped in to take over the family business. For those 43 years, the Kilborn family created a great legacy. But legacies are meant to change.

Bobby and Becki have decided they needed outside investments to help ODR continue to grow and prosper. On July 28, they called a membership meeting announcing some big changes at the Ranch. Over 75 members attended.

Bobbie started by giving the members a recap of this season's amazing events. Bobbie said that ODR has more bragging rights than other clubs because of the supports from the members. "There are not too many clubs which have the management available every day and are as easily accessible to anyone," he said. Bobbie added he wants to continue to expand the numerous events and bring even more people into naturism, and to make the experience even more enjoyable. "This will create more positive opportunities" for the Ranch. He said he was really proud of what ODR has become.

Then came the big announcement.

Bobbie made it very simple, he introduced the new owners of ODR, Mark, Brian, and Piper.

The new owners are new to naturism, but they love the grounds, the culture, and the family-positive environment. Their expertise is in the hotel hospitality business as well as in mortgage and real estate. Many of their other investment properties are in central California.

Mark said he wanted the Bobby and Becki to continue the phenomenal job that they are currently doing, so they will stay as the on-site managers and the new owners will follow the

Kilborn's lead. There are no plans for rent increases and ODR will continue to remain a cloths free club.

Mark and Brian wanted to stress the importance of not changing this community. Their goal is to improve and update the property. Some of the immediate improvements will be done to the pools, to the bathrooms, and to the main road.

Mark pointed out every time he drove up Keissel Road to visit ODR, every person waved at him as they passed, even though he had no idea who they were. This helped him realize how friendly the naturist community is.

The members left the meeting in agreement this is a great step forward for ODR. We welcome the new owners and look forward to an even greater future for the club.

Palm Springs' Popular Nudist B&B Terra Cotta Inn Has Closed

As we went to press, we found this notice posted on the www.hotelterracotta.com website:

Dear Terra Cotta Clothing Optional Resort Fans.

For reasons relating to his health, the current owner of The Terra Cotta has accepted a purchase offer on the property. The new owners will close the property for renovations effective August 7. When it re-opens later this year, it will no longer be a clothing-optional resort.

We thank all our guests for making The Terra Cotta a special place for so many these past two years.

John, Tom, Mary Clare, Jose, Vanessa, Tami and all our staff.

The "New" Terra Cotta Inn opened in August 2017 about three miles south of the former Terra Cotta Inn owned by Tom and Mary Clare Mulhall. Previously known as Warm Sands Villas, the property has 28 units on 2 acres and was located at 555 South Warm Sands Drive.

Tom Mulhall served for many years on the AANR-West Board of Directors and he was also a former Public Relations Chair for AANR International.

The Mulhalls were hired by the new owners at the new property to be the operational managers and nudist couples from around the world came to visit. Unlike the old Terra Cotta, the new property never got around to joining AANR.

No word on what the Tom and Mary Clare plan to do next.

Buff-a-Teers Club to Host a Two-Part “Ladies Only Day” Outing

On August 24 the Buff-a-Teers club of southern Arizona will be hosting a “ladies only” gathering in Tucson Arizona from 8:00 am to 4:00 pm and again from 4:00 pm to 9:00 pm. What is the cost? Free! Choose the morning or evening series depending on what best fits your busy schedule.

There will be a series of interesting hour-long workshops led by a female member of the Buff-a-Teers club.

All workshops will have topics designed to introduce and educate women to the concepts of body acceptance through social nudity. Attendees will receive a flyer upon arrival with topics and times. Some of these workshop topics include:

- Buff-a-Teers brief history and values
- Body acceptance issues
- First time naturist experiences
- The ongoing dilemma of Male “Adjustment”
- Stress reduction and naturism
- Clothing Optional vs. Nudity
- Sharing Naturist Philosophy
- Family naturist issues (children)
- Home nudism
- Recreational naturism

Attendees are free to participate in the discussions. The event will be repeated at 4:00 pm so participants may choose to attend several different workshops if they missed some in the morning session. Guests and first timers are definitely invited!

Some of the attendees may choose to be in their natural state and some may be partially nude. Attendees may choose whatever level of clothing-optional engagement they are comfortable with. If attendees choose to be natural, they should bring a towel for sitting.

This event is hosted at a Buff-a-Teers member’s home. The home is comfortable and has substantial privacy. There is a pool, shade, showers, and relaxed seating. All food and drinks are provided.

The pool and sunning areas will also be available for conversation and relaxing. Women are welcome to stay for the entire time.

RSVP via Meetup or rsvp-buff@googlegroups.com or by calling (520) 298-2427. Directions will be given to those who RSVP.

New Trails Created for Bare Booty 5K Run at DeAnza Springs

The De Anza Springs Bare Booty 5K is one of three nude runs in California (along with GE, and Olive Dell). This is a rare opportunity to experience a scenic desert trail, with breath taking views of the Anza-Borrego State Park, dressed as nature had intended.

Club volunteers have been working for the past few months to extend the hiking trail that will be used for the run. The challenge was to find a new path through the desert without disturbing the fragile eco system. No living plants were disturbed in this process. Planning was needed, as any false trails may take years to recover. The trail will be used as a running course, so steep descents and ascents had to be avoided. The new route also maximizes the amazing desert views.

The initial trail work progressed well during the winter last year. In spring, heavy rains in Southern California resulted in a “super bloom” causing the trail to become buried beneath a carpet of desert flowers. (We were reminded of the power of Mother Nature as She can obliterate anything man can create!)

After a few months we found the desert flowers were – alas – just temporary, and a little work uncovered the trail again. The trail is almost ready for our runners to experience. Please join us Sunday, September 22 for our annual 5K event.

Get Well, Oliver!

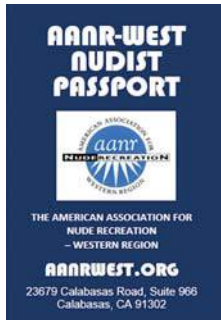

Oliver Ellsworth, our new Hall of Fame member, had surgery to implant a pacemaker a few days after our AANR-West convention was over. He emailed to say he is doing fine despite a little pain and discomfort. He expects a full recovery. Meanwhile he will be enjoying his convalescence by staying at Mountain Air Ranch. A nice place to recover from anything!

Reminder

Have You Used Your Passport Yet?

The Passport program is a way for AANR members and their guests to visit many different clubs. We especially wanted to encourage our Associate members, who are not affiliated with any club, to feel more welcome at the nudist parks and also at the many non-landed local clubs and bed and breakfast sites affiliated with AANR that are scattered throughout the eight western states.

Don't have a Passport book yet? You may purchase one at any participating club in the 8 western states, or you may purchase one at the AANR-West website at www.aanrwest.org, may via PayPal for \$10 online including shipping. Books cost less at most clubs (usually around \$5).

Clubs may have already begun greeting at their check-in desks some of the 230 people in the region who have received their Passport books. [Clubs: be sure your staff know what to do when someone presents them their book.]

Reminder: A raffle will be held in July 2020 for great prizes offered by the various clubs (merchandise,

dinners, gate fee coupons, weekend days, etc.) to those who participate in the program and get their books stamped at different clubs and participating events. For more information, see the Home Page of the www.aanrwest.org website.

Western Nudist Library

WNRL says a Shared and Searchable Database of Nudist Historical Documents Almost a Reality

The July/August newsletter for the Western Nudist Research Library says their non-profit repository of nudist history is now linked with the American Nudist Research Library in Kissimmee, Florida. Plans are in place to also link the Naturist Library in Oshkosh, Wisconsin, and the AANR Northwest Library at the Willamettans in the future.

By linking up, the ultimate goal will be to allow the vast collection of nudist newspapers, magazines, photos and home movies at all the libraries to be in the new shared document cloud. This will allow researchers, historians and anyone interested in learning more to visit one of the libraries, log in

Many of the paper documents have been scanned and converted to a searchable PDF format. This means the documents have keywords that allow users to search and generate many more results more quickly than if the documents had been reviewed one by one.

Among the recently digitized documents were a series of photographs taken at Glen Eden in 1966, a few years after it opened and a few years before many of the current buildings were built. For example:

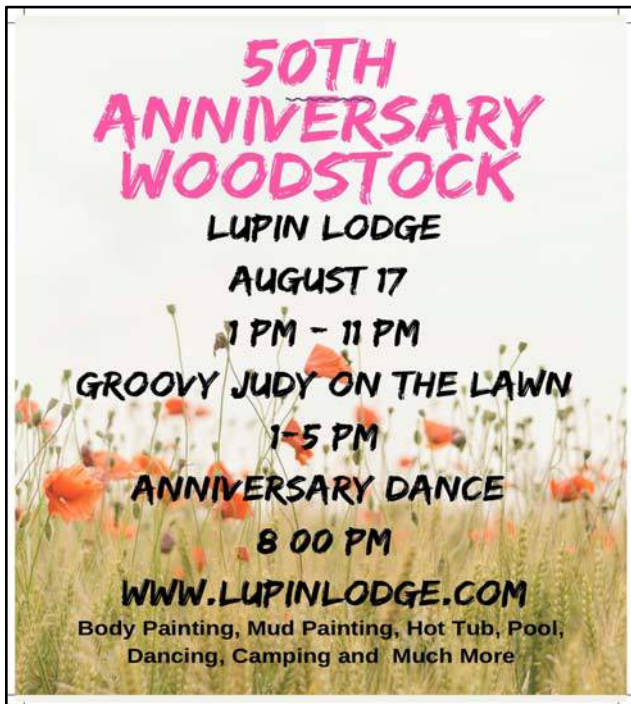

The first swimming pool at Glen Eden, which was later enclosed and today serves as the home of Glen Eden Water Volleyball.

Photo credit to John Laga, "Club Photographer."

We remind all the clubs and other nudist leaders that their photos, notes, and records are of value in telling the story of our current work to future generations. Please plan to donate all of your files to the Western Nudist Research Library so that it will be available to researchers in years to com.

The Western Nudist Research Library is located at Glen Eden Sun Club, 25999 Glen Eden Rd., Temescal Valley, CA 92883 (951) 821-8224. Donations are always gratefully accepted.

Lupin Schedules a 50th Anniversary Celebration of Woodstock Nation

Lupin Lodge is also focusing their music festival to coincide with the fiftieth anniversary of Woodstock.

The club invites everyone to come dressed (at least at first) in appropriate 60's counterculture garb and "groove on the clubhouse lawn" on Saturday, August 17, while the music flows from under the giant oak tree stage all afternoon. There will be body painting, mud painting, hot tubbing and water volleyball!

An anniversary dance with all the appropriate music from the era starts at 8 pm in the clubhouse.

Visit their website at www.lupinlodge.com for more information and call the park at (408) 353-9200 for overnight reservations.

De Anza Springs Planning 3-Day NuDESTOCK Music Festival

On the Woodstock 50th anniversary weekend, **De Anza Springs Resort** will also be hosting their own 3-day event, August 16-18. The club website lists five different bands are booked to entertain nonstop in the Oasis Lounge on those evenings. For RV and camping reservations, call their office at (619).766-4301 . More information can be found of their website at <http://www.deanzasprings.com/>

“Free and Natural,” Is Destined to Become an Important New Book About Nudity in America

By Gary Mussell

To put it bluntly, *Free and Natural, Nudity and the American Cult of the Body* is a newly published book (July 2019 by University of Pennsylvania Press) that every serious nudist in the country should read. Its 288 pages are extremely well researched and documented, with anecdotal references from dozens of eyewitnesses and written accounts. The author, Professor Sarah Schrank is an academic historian at Long Beach State University, California. She weaves a fascinating examination of events, trends, and patterns in the nudist movement in America, from its early successes in the 1930s to the present-day age of smart phones and the Internet, and how organized nudism has had to evolve to stay relevant.

Her narrative quickly hooks the reader to follow what she calls one of the great underreported stories – how the American nudist movement survived and has thrived up to the present day despite pressure by law enforcement, religious leaders, politicians and opportunistic newspaper publishers to put it out of business.

In my favorite chapter Welcome to the Nudist Colony, Schrank describes the introduction of *Lebensreform* (life reform) into America through German immigrants, who hoped to practice their philosophy in this country. How and why such disparate groups as the KKK, the Catholic Church and Southern Baptists rose against these “foreign influences led by nudist pioneers Kurt Barthel and Ilsley Boone in the early 1930s makes for fascinating reading. Schrank documents how these nudist pioneers were forced out of the cities to out-of-the-way locations that become the first successful “camps” and “colonies” of the American nudist movement. It is a struggle with many parallels 90 years later in our modern era with nudist beaches and hiking trails.

Another fascinating chapter examines how the wholesome ideas of the early camps were corrupted and exploited after World War II by people who used nudity as an excuse for “swinging” and couple swapping in the suburbs, forever connecting sex with nudity despite the movement’s best efforts to separate the two. The rise and fall of such hideaway locations as Sandstone in the Topanga hills near Los Angeles is examined as the most notorious example of this.

The final chapters explore nudism in the current decade and how it is being exploited by corporate advertisers to sell products, and also how nudist entrepreneurs also leveraging consumerism to their advantage. The author discusses the birth and evolution of the two major national nudist organizations, The Naturist Society and the American Association for Nude Recreation (AANR), and projects how these national organizations will need to change to survive in a world where younger people are refusing to join social clubs or to pay dues to protect their best interests.

Schrank looks at how Gen Xers and millennials are enjoying world naked bike rides, nude comedy shows, and nude yoga classes instead of the established clubs and nudist parks, and how the recent rebirth of women’s equality and sexual and gender freedom movements may affect these older established nudist traditions in the future.

Her text comes with an extensive list of footnotes and acknowledgements for the dozens of interviews she conducted during her three years of research.

To provide full disclosure, two summers ago, Professor Schrank, met with Rolf Holbach and Gary Mussell and reviewed several boxes in their possession of the history of several local nudist clubs and nudist publications. To our great surprise, the author singles out the Southern California Naturist Association (SCNA) for expanding social nudity into many new areas (pages 172-173). We are both surprised and humbled to be mentioned! Thank you!

In 1998, Cec Cinder published *The Nudist Idea*, since considered the definitive history of the modern nudist movement through 1995. Sarah Schrank’s new book, *Free and Natural, Nudity and the American Cult of the Body* compliments that work and covers the two decades after Cinder’s narrative ends. It deserves a place on bookshelves of every nudist interested in the history of the movement.
